Two Georgian glass finger bowls

£495

REF: 1498

Height: 9.25 cm (3.6")

Diameter: 11 cm (4.3")

Description

Two Georgian glass finger bowls, one in teal with an undulating ribbed body, the other in blue with a sharper vertical ribbed decoration.

With their small scale, lightly fluted bodies and jewellike colours, these rare examples are exactly the sort of decorative yet functional glass that would have sparkled beautifully by candlelight during a Georgian course.
